

A Brief introduction to
Dr. Harsimran Singh
9 Wash Hollow Road, Upper Brookville, New York 11771

EDUCATION:

Ph.D. Business Economics in 1986 with a specialization in stock market trading.

BUSINESS:

I ventured into trading stocks and options in 1974 and have continued ever since. I always had an analytical mind to do the most complicated things in the simplest form. I had therefore developed many unique strategies for trading.

I also ventured into the real estate investment business in 1986. During this period of about 27 years, I bought, renovated/developed and sold close to 100 properties in different areas with success in almost 100% of my deals. They included land, multi-family buildings, hotel, shopping centers and self storage facility. At present, I own shopping centers in Suffolk County, Alabama, & Florida and a hotel in Georgia.

Portfolio of my real estate can be seen at www.SabharwalProperties.com

BOOKS:

I always had the greatest desire to serve humanity which I tried to accomplish through the media of education.

I have authored several books including The Divine Truth, The Spiritual Power- A gift of Christianity & Sikhism; The A to Z's of Healing Through Prayers;; 26 Steps to Spiritual & Financial Riches- How Spirituality Led To A \$7 Million Gain, and the Power Of Prayer& Ten World Religions, The Spiritual Gems (A comparative study of Judaism and Sikhism) and How To Always Be Unhappy..

My focus in the above books is to add a drop of my contribution to the world peace though the inter-faith understanding of different religions.

I have also written books on other subjects which are as follows:

Stock Options- Work ½ hour a day, How 12 Top Investors Made Billions, A To Z Of Foreclosures, Rich Immigrant Poor Citizen, How 12 Immigrants Made billions.

In total I have written 12 books which can be seen on my website www.DrSinghBooks.com.

POSITIVE THINKING:

My positive thinking and creative vision leads me to do some unique ventures. Here is an example of a couple of them:

I was the pioneer in revitalizing East New York and Bed-Stuy areas in Brooklyn where a good percentage of houses were either abandoned or burnt out during late 1980's through early 1990's. I was also the pioneer in working with the City of New York to provide housing to 100's of homeless people.

I was the main instrument in buying 32,000 sq. ft. building on 15 acres at 100 Lattingtown Road, Glen Cove, New York during 1995 and getting all permissions for the operation of this premises' as a Sikh temple. This property which had a mortgage of \$8.20 million was contracted to purchase for mere \$1.20 million on my personal name and later transferred to the Sikh Forum, Inc., a not for profit organization. This property is worth about \$15 million now. This was all achieved irrespective of tremendous resistance of the community and City of Glen Cove for a long drawn battle of 2 years. The success in this venture led me to write the booklet, '26 Steps to Spiritual & Financial Riches- How spirituality led to a \$7 million Gain'. The book is written out of my desire to infuse positive thinking in the minds of the readers which is borne out of my personal experiences rather than merely philosophical preaching.

PERSONAL;

I was born on May 16, 1946 in India. I came to United States as an immigrant in 1973 with a total of \$8 in my pocket. .
